I understand that if I am installing products at more than one residence or facility, I must identify each individual address and Service ID # on the "Rebate Product Information" section. All uses herein of the words "install", "installation", or similar phrases shall mean complete installation such that the subject products are fully functional and operational.
- As a business customer, I agree to provide PG&E with 100% of the energy savings for the rated life of the product(s) or for a period of three (3) years from receipt of rebate, whichever is less. If I do not provide the energy savings or if I cease to be a customer of PG&E during the 3 years, I shall refund a prorated amount of rebate dollars based on the time installed.
- I understand the program term is January 1, 2009 through December 31, 2009 or sooner if allocated funds are depleted. During this program term, qualifying new products installed in 2009 are eligible for a rebate. Program offerings and rebate amounts may change during the program term. Resale products, products leased less than 3 years, rebuilt, rented, received from warranty or insurance claims, exchanged, won as a prize, or new parts installed in existing products, do not qualify. The program may be modified or terminated without prior notice. Qualifying new products purchased and installed January 1, 2006 through December 31, 2008 are eligible for a rebate based on the 2006-2008 Energy Efficiency Rebates for Homes, Businesses and Multifamily Properties' terms and conditions and subject to availability of program funds. To be eligible for a rebate, applications with proper supporting documentation must be submitted to PG&E's Integrated Processing Center (IPC) postmarked no later than March 31, 2009.
- I understand that this signed and dated "2009 Interim Application Form", completed "Rebate Product Information" incorporated herein by this reference, all appropriate proof(s) of purchase, and other required documentation as referenced in this application must be sent to PG&E's IPC to be considered eligible for payment of a rebate. A rebate check for qualifying product(s) is generally mailed 6 to 8 weeks after PG&E receives and approves a completed application including all required documentation unless an application is selected for a verification, which may add additional time. An incomplete application cannot be processed for payment.
- I will allow, if requested, a representative from PG&E, the California Public Utilities Commission (CPUC), or any authorized third party reasonable access to my property to verify the installed product I have purchased before a rebate is paid. I understand that a rebate will not be paid if I refuse to participate in any required verification. The verification of installation must be scheduled within 30 days of customer contact by PG&E. I understand that PG&E may contact the qualifying product vendor and/or installer, if needed, to verify purchase and/or installation and may provide my name and/or address to complete this verification.
- I have installed a qualifying product(s) and understand that the energy-efficiency eligibility requirements for each stated product (as defined in the Catalog) determines the rebate amount. The rebate amount cannot exceed the purchase price.
- I have installed a qualifying new product(s) in accordance with all applicable federal, state, and local laws, building codes, and manufacturer's specifications.
- I understand that I cannot receive a rebate for the same product or equipment from more than one California investor-owned utility or third party energy-efficiency program offering rebates, financing or other rebates funded with CPUC Public Goods Charge funds. Products discounted by PG&E at the point of sale are not eligible for additional rebates.
- THE UTILITY MAKES NO REPRESENTATION OR WARRANTY, AND ASSUMES NO LIABILITY WITH RESPECT TO QUALITY, SAFETY, PERFORMANCE, OR OTHER ASPECT OF ANY DESIGN, SYSTEM OR APPLIANCE INSTALLED PURSUANT TO THIS AGREEMENT, AND EXPRESSLY DISCLAIMS ANY SUCH REPRESENTATION, WARRANTY OR LIABILITY. I AGREE TO INDEMNIFY PACIFIC GAS & ELECTRIC COMPANY, ITS AFFILIATES, SUBSIDIARIES, PARENT COMPANY, OFFICERS, DIRECTORS, AGENTS, AND EMPLOYEES AGAINST ALL LOSS, DAMAGE, EXPENSE, FEES, COSTS AND LIABILITY ARISING FROM ANY MEASURES INSTALLED.
- If a tenant, I am responsible for obtaining the property owner's permission to install the measure for which I am applying for a rebate payment. My signature on this application indicates I have obtained this permission.
- I understand that PG&E is not responsible for items lost or destroyed in transit through the mail or electronic medium. Original applications will become the property of PG&E.

APPLICATION  
INSTRUCTIONS

This Application Form and Instructions supersedes and replaces the 2006-2008 Energy Efficiency Rebate Application Form and Instructions.

### PROOF OF PURCHASE REQUIREMENTS

Proof of purchase and other documentation required to process your rebate application may differ depending on who completes the installation – you or your contractor.

#### All Customers – Homes, Businesses and Multifamily Properties

##### 1. Retail Product Receipt/Invoice

Proof of purchase and supporting documentation should be submitted within 90 days of purchase date and must include all of the following information:

- A. Retailer/Contractor name, address, and phone number
- B. Itemized listing of each product including quantity, product description, manufacturer, model number, or other identifying information, i.e., SKU # as appropriate
- C. Purchase price per product
- D. Date “Paid in Full” or payment terms, such as “Charge” or “Net 30”
- E. Product installation date

Read the product specifications included in the appropriate catalog to make sure all requirements are met.

#### Residential and Multifamily Property Customers Only

Depending on your energy-efficiency project, you may need to submit a Home Improvement Contract as additional documentation to be submitted to PG&E, along with your proof of purchase.

##### 2. Home Improvement Contract (HIC)

- A. The California State License Board (CSLB) requires that licensed contractors must provide you with an HIC if the materials and labor total for the product(s) and installation is \$500 or more. It is recommended that you request an HIC from your contractor even if the contractor’s product and installation costs are less than \$500.
- B. If an HIC is your proof of purchase it must be given to you by your contractor and must be signed and dated by both you and your licensed contractor.
- C. If the signatures are not dated, the date that the HIC was written will determine the product order/purchase date.

For additional information on Home Improvement Contracts or the status of your contractor’s license, visit [www.cslb.ca.gov](http://www.cslb.ca.gov) or call the **Contractors State License Board** at **1-800-321-CSLB**.
